Stuttgart Exhibition Centre
Messeplazza 1
70629 Stuttgart

Saturday 27.07.2024

BBQ World Championship Part 1

Specialist market and supporting programme

Sunday 28.07.2024

BBQ World Championship Part 2

Specialist market and supporting programme

In the following, "German Barbecue Association e.V." is abbreviated to "GBA".

www.GBAev.de

1. Prize money

The prize money totals € 13,500.00

WBQA 2024 Grand World Champion	5.000,00 €
WBQA 2024 Reserve Grand World Champion	3.500,00 €
WBQA 2024 3 rd Place World Champion	2.000,00 €
1st place in a category	500,00 €

The winning team in each category receives a trophy and a certificate.

1.1 Starting authorisations

All barbecue teams whose team manager is a member of an association that belongs to the WBQA are eligible to take part in the World Championships.

The minimum number of participants per team is 2 and the maximum is 10.

The GBA reserves the right to decide on the admission of teams. Legal recourse is excluded.

1.2 Registration

Registrations for all teams **except** ABA (Austrian Barbecue Association) and SBA (Swiss Barbecue Association) are only possible via the following form and are non-binding.

<http://Teams.gbaev.de>

ABA and SBA register via their own association. The registrations will be forwarded to us.

Receipt of registration will be confirmed by e-mail. The final starting authorisation will be announced **separately**. The entry fee is due upon confirmation. This confirmation contains all payment information (bank details, Paypal).

Teams whose payment is not received on time may lose their starting place

Entry fee
650,00 €

2. Titles and awards of the BBQ World Championship 2024

The *team* with the highest total score is awarded the title:

WBQA 2024 Grand World Champion

The *team* with the second-highest total score receives the title:

WBQA 2024 Reserve Grand World Champion

The *team* with the third highest total score is awarded the title:

WBQA 2024 3rd Place World Champion

The *team* with the highest score in each course will be awarded the title:

WBQA 2024 [Category] World Champion

2.1 Results, certificates, prizes

Certificates are presented on stage.

Winning prizes are paid out in cash.

3. Rules and regulations

It is assessed according to the valid WBQA regulations. The valid regulations can be found on the WBQA homepage. <https://www.world-bbq.com/manuals-regulations/>

4. Hygiene and allergens

Attention must be paid to hygiene. Smoking is prohibited in the competition area.
The use of gloves is not mandatory, but is recommended; the team should also bring quick disinfectants.
Boxes containing food must **not be** placed on the floor!
Pallets or similar items must be brought along.
The list of allergens must be publicly displayed at least once at each competition chequered flag. Download allergen list at <https://www.gbaev.de/regelwerk/>

5. Control

Commissioners from the GBA and the WBQA will be appointed to check compliance with the regulations and hygiene. The inspectors must be granted unrestricted access. At the request of the commissioner, the barbecue teams must present and open all storage facilities such as refrigerators, crates, vehicles, etc. By registering and starting, the teams accept these checks.

Employees of Messe Stuttgart must also be granted unrestricted access. They will check compliance with the safety regulations. By registering and starting, the teams accept these checks.

6. Scoring rounds and delivery times

The BBQ World Championship 2024 will be held over two days.
The teams are divided into two groups, with **Group Green** and **Group Yellow** each handing in half an hour apart.
If the submission is delayed for reasons of force majeure or organisational reasons of the JCC, the Field Marshal may adjust the submission window.
The following handover times are provisional. The times will be finalised at the team manager's meeting.

Saturday:

Course 1: Chicken with side dish

12:55 to 13:05 Delivery **group yellow**
13:25 to 13:35 Delivery **group green**

Course 2: Pork o. K. with side dish

13:55 to 14:05 Delivery **group yellow**
14:25 to 14:35 Delivery **group green**

Course 3: Vegetarian

14:55 to 15:05 Delivery **group yellow**
15:25 to 15:35 Delivery **group green**

Sunday:

Course 4: Fish with side dish

11:55 to 12:05 Delivery **group yellow**
12:25 to 12:35 Delivery **group green**

Course 5: Pork (ribs) with side dish

12:55 to 13:05 Delivery **group yellow**
13:25 to 13:35 Delivery **group green**

Course 6: Beef with side dish

13:55 to 14:05 Delivery **group yellow**
14:25 to 14:35 Delivery **group green**

6.1 Number of portions

6 portions must be produced per course.

Divided onto 2 plates

1 plate with 6x main ingredient and 1 plate with 6x side dish

Or

2 plates with 3 main ingredients and 3 side dishes each

Make sure that the main ingredient and the side dish do not touch.

Portions not included in the rating

1 display plate for the exhibition in the public exhibition area

1 promotional plate for VIPs and sponsors

Both plates must be handed in at the exhibition area.

7. Shopping basket

Basket 1 contains mandatory products that must be used.

The quantities of the mandatory products are calculated in such a way that slightly more than the required portions can be produced.

Mandatory products for the main ingredient:

Evaluation course 1: Whole chicken

Class 2: Boneless pig

Rating 3: Carrot

Rating 4: Fish

Class 5: Pig with bone

Class 6: Beef

All the necessary ingredients for the side dishes are included in shopping basket 2 and 3. The teams are free to choose from these products for all courses and decide what they want to use.

The products may not be replaced or supplemented with own goods.

In accordance with the regulations, the main components of this shopping basket do not need to be grilled and served as a whole or in one piece. The entire quantity of the shopping basket does not have to be prepared and served.

The chilled shopping basket 1+2 will be handed out on Saturday from 7.30 am.

The uncooled shopping basket 3 will be handed out on Friday after the team manager meeting.

8. Plate

The plates for the blind jury and the exhibition will be provided by the GBA. They will be handed out on Friday after the team captains' meeting.

The plates used are probably round, white plates Ø 27 cm.

Each team receives 4 plates per course.

The plates must be transported covered in a box or similar.

9. Security

The organiser accepts no liability for damage or theft.

The event site is located on the grounds of Messe Stuttgart and is not open to the public. Access to the grounds is via the main guardhouse at Gate 1, which is manned 24 hours a day.

Visitors are not permitted during set-up and dismantling. Children under the age of 16 are not permitted in the set-up and dismantling areas.

On Friday, the pitch must be completely vacated by 23:00. No team members are allowed to spend the night in the team square.

The opening hours for teams and their members are Saturday from 06:00 to 22:30 and Sunday from 06:00 to 22:30.

Visitor opening times will be announced later.

The following points must be observed by the barbecue team:

Each team must bring a suitable, authorised and tested **fire extinguisher** (at least 3 kg) and a fire blanket.

Each team must bring a **first aid kit**.

All gas barbecues must be equipped with a **two-stage safety gas pressure reducer** with thermal shut-off device and overpressure protection, as well as a **hose rupture safety device** (SBS).

The connected gas cylinders are sealed on Saturday morning. It is possible to connect several cylinders in series. Gas cylinders may not be changed during visitor opening hours. Gas cylinders can be changed on Sunday morning before the opening hours for visitors.

When using charcoal barbecues, a **bucket** filled with water (**at least 10 litres**) must be within reach for emergency extinguishing.

A non-flammable, portable, closed container must be available for transporting the glowing coals.

10. Media

All teams and their members cede all rights to images, words and sound for publications in print and AV media (radio, television and internet) to the GBA. We ask all teams to register and accredit confirmed media companions with the GBA. Enquiries should be sent to presse@gbaev.de.

11. Team sponsorship

Team sponsorship and refinancing by sponsors is generally possible. However, brand and product advertising in the team's competition colours is limited.

Team clothing: The logos of the team sponsors on the team clothing may not exceed an added total area of up to 20 cm x 20 cm per item of clothing.

Brand and product advertising on pavilions and tents are subject to authorisation by the GBA.

Displays, posters, banners with brand and product advertising, product presentations or promotions are subject to a charge.

These advertising measures must be registered with the GBA at least four weeks before the competition.

Advertising measures must be paid in due time after invoicing the GBA. Unpaid advertising measures will not be authorised and must be removed or covered.

12. Presentation and GEMA

The sale of goods is not permitted. If a team offers music, the team must register this with GEMA on its own responsibility. If music is played on the exhibition stand, permission must be obtained from the Gesellschaft für musikalische Aufführungs- und mechanische Vervielfältigungsrechte (GEMA) in accordance with Section 15 of the Copyright Act of 9 September 1965.

For reasons of fairness, music performances or similar should not interfere with neighbouring stands.

13. Overnight stays

You must organise your own accommodation. We recommend booking rooms in advance. Overnight accommodation in caravans and motorhomes directly at the competition site is possible to a limited extent. No tent pitching possible! A maximum of 2 pitches are available per team. One 230 V, 3 KW power connection will be provided per pitch. This must be labelled with the team name as at the competition site.

No overnight stay in the Teamkarree possible!

Both the overnight accommodation at the competition site and the electricity are subject to a charge. The amount of the costs will be determined shortly.

14. Grill and barbecue appliances & equipment

Barbecue and barbecue equipment can be selected in accordance with the applicable WBQA regulations and must be provided by the barbecue team. Equipment such as tables, benches and tents must also be brought by the team. Teams that are unable to bring their own equipment can be provided with the following:

- Listed separately

15. Event site

The surface is level and consists of drainage asphalt and paved areas.

Do not drill into the tarmac or other subsoil, as pipes are laid close to the ground. If these are damaged, the person responsible will bear the costs.

Asphalt surfaces must always be protected from heat. (see competition course 5 of the professionals)

Rubbish, hot ashes etc. must be disposed of in the containers provided for teams and exhibitors. (For transport containers see point 9 Safety)

Please DO NOT dispose of hot ash in the containers for residual waste

The rubbish bins set up on the event site are intended exclusively for visitors.

The site must be left in a swept clean condition after dismantling and will be inspected by a site manager.

The liability of the barbecue team for damage to fixtures or the premises remains unaffected.

16. Competition chequered pattern

Competition diamonds measuring 10m x 10m are available. **No** larger space can be provided for complex set-ups. The team itself must cordon off the competition area against visitors and unauthorised persons.

For areas for which a weather protection, e.g. pavilion, must be set up, the teams must take measures to protect against wind; each team must provide suitable and sufficient safeguards and fastenings. This also applies to other objects, e.g. superstructures

NO ANCHORING IN THE GROUND

Attention! Screwing into the ground is not possible. The tents must be secured with appropriate weights!

Power distributors (three-way plugs, cable reels, couplings) must not lie directly on the ground! If there is a downpour, all the fuses will blow and everyone will be without power. Power connections without a roof must be secured against the ingress of water.

17. Assembly and dismantling

A separate set-up and dismantling instruction will be sent to the participants for the arrival and set-up of the teams. No vehicles are allowed on the competition site after 9 a.m. on Saturday. Sufficient parking spaces are available.

In the interests of visitors to the event, it is expressly forbidden to dismantle the stands before the end of the award ceremony on Sunday.

Vehicles will only be admitted once the site has been officially cleared. This takes place as soon as there are no more visitors or children on the site.

No vehicles during visitor opening hours! This includes bicycles, scooters, inline skates and the like.

18. Water

There are several drinking water taps in the competition area. Each team organises its own hand washing facilities. A canister with a tap, a simple soap dispenser and disposable towels are sufficient. Rinsing stations with hot water and sinks are available for rinsing. Waste water may only be disposed of in the designated areas.

19. Electricity

Each team is provided with a 230V/max. 3 kw socket, from which the teams must draw their own power (they must bring their own extension cables). The cables must be labelled with the team name

Additional power supplies are also available for a fee after registration.

The organiser is not liable for damage caused by incorrect connection of own devices to power sources. To avoid overloading, each team should only connect the bare essentials. Teams that connect more than the power grid can handle will be disconnected from the grid! This also applies to faulty electrical systems and unlabelled cables.
